Designed For Safety And Stability

178G Safety Series IV STAND

- Designed for Safety and Stability
- 25-inch diameter six-leg steel laser base
- Off-Set Center-G mount pole for optimum Stability
- Telescoping stainless steel slow descending inner pole
- Stainless Steel in-line 12 hook top for ideal line management
- 3-inch dual precision sealed bearing casters (10 yr. warranty)
- Compressed height 62" from floor
- Fully extended height 82" from floor

The Safety Series 178G is a Flagship for Safety and Stability and the pack leader of the Center-G family product offering. The stainless-steel Center-G mounting pole is off-set positioning the central mass of the device(s) over central axis of stand for optimum stability. The Safety Series features an upgraded 25" diameter six leg laser base with improved stability along with high grade polymer sealed bearing casters for longer lasting performance (10 yr. warranty on casters). Topped with a stainless steel robust in-line 12-hook top for ideal line management and bag placement along with a controlled descent inner pole for safe height adjustments under load. This stand is built from the ground up using high grade steels, stainless steels, and a white epoxy powder coat finish, all extending the useful life of the pole while standing up to the harsh hospital environment.
