Designed For Safety And Stability

176GD Safety Series IV STAND

- Designed for Safety and Stability
- 25-inch diameter **detachable** six-leg steel base
- Detachable base allows for flat pack shipment
- 3-inch dual precision sealed bearing casters (10 yr. warranty)
- Telescoping stainless steel slow descending inner pole
- Stainless Steel 8 hook rake-top for ideal line management

The Safety Series 176GD is a stable low center of gravity IV stand that can hold multiple IV pumps while keeping a lightweight feel, making this our most popular IV pole, loved by caregivers around the world. The Safety Series features an upgraded 25" diameter six leg laser base with improved stability along with high grade polymer sealed bearing casters for long lasting performance (10 yr. warranty on casters). This nurse favorite has an in-line 8 hook top for ideal line management and IV bag placement along with a slow descent telescoping inner pole for safe height adjustments while under IV bag load. This stand is built from the ground up using high grade steels, stainless steels, and is topped with a white epoxy powder coat finish, all extending the useful life of the pole while standing up to the harsh hospital environment.
